

## Performance summary - May 2017

### Investment objective and strategy

The Bendigo Diversified Fixed Interest Fund (Fund) aims to provide investors with regular income and capital protection by investing via a strategically managed selection of high quality Australian and international fixed interest managers. The Fund expects to utilise a blend of expert active and index managers. Active managers are selected based on their expertise to capitalise on market inefficiencies and index manager allocations will be actively managed by Sandhurst.

The Fund adopts a dual portfolio approach, consisting of a core active allocation targeting 70% exposure to leading professional global and domestic active investment managers. The remaining 30% exposure is actively managed by Sandhurst through the use of index sector specialist managers, utilising the Sandhurst investment team's sector view.

### Investor type

The Fund may be suitable for investors looking for:

- access to leading professional investment managers;
- a diversified fixed interest portfolio; and
- a regular income stream via quarterly distributions.
